Title: ICT2008: BEinGRID Features Proven Results in Boosting Sectors' Productivity

The screenshot shows a Mozilla Firefox browser window displaying the Europe's Information Society Thematic Portal. The page features a navigation menu with categories like Policies, Activities, Culture & Society, Economy & Work, Education & Training, Quality of Life, IS Industry, Regions / World, and Research & Innovation. The main content area is titled "Newsroom" and displays a news item: "ICT2008: BEinGRID Features Proven Results in Boosting Sectors' Productivity". The news text states: "(26/11/2008) Today, at the ICT2008 event in Lyon, France, BEinGRID is presenting proven use cases for Grid in business. With close to 100 partners coming from top industrial and academic research, SMEs and R&D centres in Europe, the BEinGRID project has identified clear business needs to be met by Grid technologies. 25 pilots covering industrial sectors such as finance, architecture, advanced manufacturing, agriculture and health, have focused on solving real problems using different Grid technology solutions for collaboration, performance and enabling new services." A link for "Full press release (35 Kb)" is provided. On the right side, there is a "Relevant Sites" section with "ICT 2000 Event" and a "Register for the Newsroom Update" form with fields for E-mail, Username, Password, and Confirm Password, along with "Subscribe" and "Reset" buttons. The browser's address bar shows the URL: http://ec.europa.eu/information_society/newsroom/df/document.cfm?action=display&doc_id=599.
