Title: BEinGRID Explains Business Case at ICT 2008

The screenshot shows a Mozilla Firefox browser window displaying the HPCwire website. The page title is "HPCwire: BEinGRID Explains Business Case at ICT 2008". The URL is "http://www.hpcwire.com/topic/middleware/BEinGRID_Explains_Business_Case_at_ICT_2008.html". The page features the HPCwire logo and a search bar. The main content area displays the article title "BEinGRID Explains Business Case at ICT 2008" dated November 12, 2008. The article text begins with "BRUSSELS, Belgium, Nov. 12 -- BEinGRID, the largest ICT project financed by the European Commission, will be hosting a booth at the ICT 2008 event in Lyon on Nov. 25-27. This release describes why this project is causing such a stir in research circles." The article continues to describe the project's scale and goals. A sidebar on the right lists "Off the Wire" articles from November 25, 2008, including "Gene Network Sciences Creates Quant Finance Spin-Off" and "SDSC-Led Team Models Seismic Wave Propagations". At the bottom right, there is an advertisement for "Appro Xtreme-X2" Turbocharged Supercomputers by AFPR, featuring AMD Opteron processors. The browser's address bar and search bar are visible at the top, and the Windows taskbar is at the bottom.
